

A New Era Begins: AGL 2.0

A new era is beginning for AthletesGoLive! We are thrilled to announce that we are introducing a brand new app in 2025!

AGL 2.0 isn't just a redesign—it's a reimagined experience for fans, athletes, and teams.

From faster scoring and deeper stats to smarter customization and long-awaited features, AGL 2.0 delivers a streamlined, powerful platform that puts your program in the spotlight.

SUPPORTING THE COACHES BEHIND IT ALL.

AthletesGoLive 2.0 gives coaches visibility without the extra work, a professional presence on and off the field, simplified communication, and real support to grow their program—because it's more than streaming or scoring.
